Introduction

About Healthwatch Rochdale

Healthwatch Rochdale is the independent consumer champion for children, young people and adults who use health and social care services in the borough.

- We work to ensure consumer's views about services are represented both locally and nationally;
- We focus on local voices being able to influence the delivery and design of local services;
- We have statutory powers that enable local people to influence health and social care services under the Health and Social Care Act 2012

Healthwatch Rochdale investigates what people want from their health and social care services such as hospitals, GPs, care homes and pharmacies. This is referenced against information gathered from health and social care providers, commissioners as well as national and local research sources. Healthwatch Rochdale also produce reports about services visited and make recommendations for action where there are areas for improvement.

As part of this role Healthwatch Rochdale has statutory powers to undertake Enter and View visits of publicly funded health or social care premises. Enter and Views are undertaken when Healthwatch Rochdale wishes to address an issue of specific interest or concern. These visits give our trained Authorised Enter and View Representatives the opportunity to find out about the quality of services and to obtain the views of the people using those services.

Our Enter and View policy is available to view at www.healthwatchrochdale.org.uk

You may also wish to look at The Local Authorities (Public Health Functions and Entry to Premises by Local Healthwatch Representatives) Regulations 2013 available to view at http://www.legislation.gov.uk/ukxi/2013/351/pdfs/ukxi_20130351_en.pdf

Acknowledgements

Healthwatch Rochdale would like to thank the assistant practice manager for helping to organise this Enter and View visit on the day. We would also like to thank all service users, visitors and staff who took the time to speak to us on the day and for their contribution to our Enter and View.

Disclaimer

Please note that this report relates solely to findings observed on the specific Enter and View visit date. This report is not a representative portrayal of the experiences of all service users and staff but serves as an account of what was observed and contributed at the time of the visit.

DISCLAIMER

This report relates only to the service viewed at the time of the visit, and is only representative of the views of people who met the Enter and View team on those dates.

Visit Background & Purpose

Background

Healthwatch Rochdale used our intelligence centre to highlight key trends in areas of quality, service and access in relation to GP services in the Rochdale Borough. The information was then used to create an Enter and View timetable which included 12 GP surgeries in Heywood, Middleton, Rochdale and the Pennines.

Healthwatch Rochdale received intelligence around Healey Surgery from patients. Therefore, as the independent health and social care watchdog, Healthwatch Rochdale deemed it appropriate to use its statutory power¹ to Enter and View providers to observe matters relating to health and social care services.

Visit Purpose

- To engage with Healey Surgery's patients and staff members
- Observe patients and visitors engaging with Healey Surgery's staff and their surroundings
- Capture the experience of service users as well as any ideas they may have for service improvement and/or change
- Identify examples of good and poor working practice within Healey Surgery

Methodology

Before we carried out the announced visit, Healthwatch Rochdale electronically delivered pre-visit documentation to Healey Surgery. This information was addressed to the practice manager.

On arrival for the visit at 10:00am, Healthwatch Rochdale representatives were met by practice manager. The representatives were given a tour of the facilities and introduced to all staff members.

The visit was then split into sections as documented in this Enter and view report:

- Visual Observation
- Interview with Practice Manager
- Interviews with Patients and Visitors

After the visit was completed, the lead representative held a debrief and informed that a report would be sent with an opportunity to comment on the recommendations.

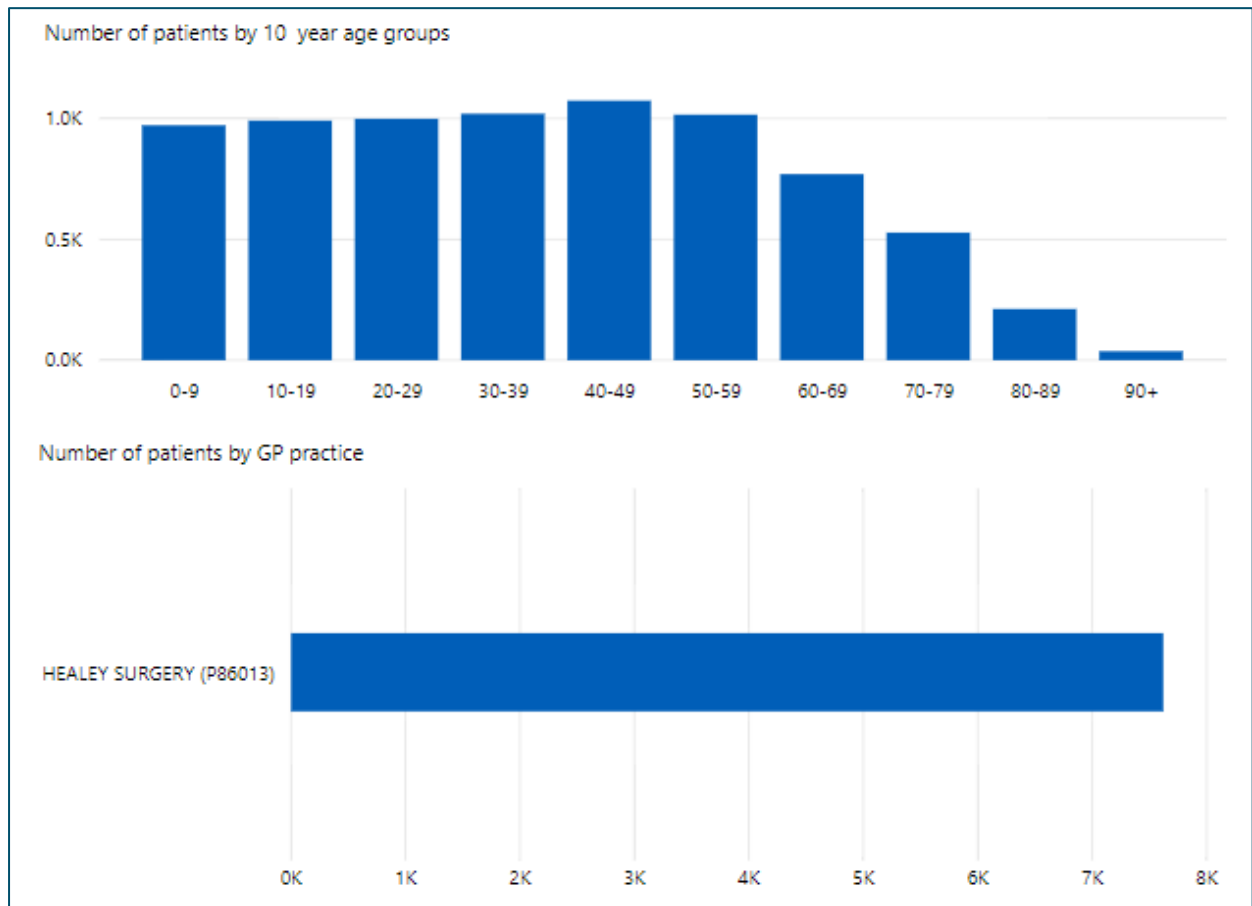

Key Observation Findings

- The internal building conditions were classified as good, in very good condition
- The internal decoration was classified as good, very clean and well decorated
- Wheelchair and pushchair access was available, a wheelchair was also located at the entrance for patients
- There was very clear guidance on how to notify the practice of your arrival, with reception staff addressing patients in a friendly and helpful manner
- There was not a clear delineation for patients when at the reception desk
- The reception staff were very helpful and communicated well with patients
- There was a call system in place within waiting rooms
- There was clear information regarding the staff on duty within the service on the day of the visit
- There was no information regarding waiting times or delays in appointments
- The on-line booking system was advertised
- There was a hearing loop installed at the main reception desk
- There were toilets available, which were clean and modern. In both the women's and disabled toilets no hand sanitising gel or hand wash was available
- Information on the notice board was deemed up to date and available in other formats
- There was information present on the notice board about the patient participation group, which included resources and information on how to join the patient participation group
- There was information present on the notice board about complaints/compliments
- A car park was available on site
- Overall, the building was fit for purpose, maintained to a high standard with facilities providing a good patient experience. Informative information was present on the notice boards, staff communicated well with patients. The patient journey which was observed by the representatives whilst in the surgery worked well, when observed on this visit

Key Findings from Interview with Practice Manager

- The current practice list size is 7,620 patients

Source: <https://digital.nhs.uk/Patients-registered-at-a-GP-practice-GP-data-hub>

- The practice is open Monday to Friday from 8.00am until 6.30pm
- The practice holds extended hours appointments on Monday evening from 6.30pm
- The appointments offered are routine, pre-bookable with the doctor up to 10 days in advance and urgent appointments on the day
- Patients can book routine appointments via the reception desk, telephone or online booking system
- Requests for repeat prescriptions can be made at the reception desk or online
- Online patient access through the EMS system is available and is currently above the target requirement for uptake of patients
- The practice conducts both home and care/residential home visits when required
- Healey Surgery also provides the below services;
 - Post-Natal and 6 week baby checks
 - Family Planning Clinic
 - Child immunisations
 - Cervical smears
 - Diabetes checks

- Asthma and COPD
 - Minor Surgery
 - Travel vaccinations
 - Phlebotomy
 - Drug Addiction Clinic
 - Health Trainer
- The practice has a patient participation group, and patients are informed to contact the office manager for information regarding joining the group
 - The practice has a complaints policy in place which is available at the reception desk and on the website
 - The practice has an equality and diversity policy which staff are informed of in their induction to the organisation
 - Interpretation services were available on request
 - The practice train staff on a regular basis in fundamental areas including customer service, information governance and health and safety

Key Findings from Interviews with Patients

38% Said Very
Satisfied

54% Said Satisfied

8% Said Unsatisfied

(12 patients answered)

14. We asked: What recommendations as a patient would you make to Healey Surgery to improve overall experience?

Comments received:

"Booking appointments to stop coming down to surgery"

"Likes how they work. Her little boy with her today, nothing for children i.e. books or an area to play etc"

"Not enough consistency, staff are not always helpful"

"Better communication between staff and patients"

"Improvement on appointment bookings"

"Get a new tannoy speaker system I find it unclear - car park very full can be difficult at times"

"improve waiting times, cold waiting room cold and not very inviting better info on one board"

"Finds the surgery ok - no breastfeeding area"

(8 patients answered)

Recommendations

This report highlights the good practice that the representatives observed on this Enter and View visit and reflects the appreciation shown by the majority interviewed in relation to the care and treatment provided by Healey Surgery.

The observation and interview findings also serve to highlight some areas for improvement and helpful suggestions to make the experience even better for patients at Healey Surgery.

Therefore, considering this visit we recommend:

Recommendation ID	Recommendation
1	<p>Healthwatch Rochdale data shows that of 12 people asked 63% were not aware of the patient participation group.</p> <p>Healthwatch Rochdale recommend that Healey Surgery should review their patient participation group and membership to ensure there is an effective and established group in place, with the overarching role to:</p> <ul style="list-style-type: none"> • being a critical friend to the practice; • advising the practice on the patient perspective and providing insight into the responsiveness and quality of services; • carrying out research into the views of those who use the practice; • regular communication with the patient population.
2	<p>There was an infection control information poster on entrance to the surgery, however there was no hand sanitising gel available at both the entrance and in the female and disabled toilets.</p> <p>Healthwatch Rochdale recommend that Healey Surgery should review the cleaning matrix to ensure hand sanitising gel is available in the toilet area.</p>
3	<p>Healthwatch Rochdale data shows that of 12 people asked 100% were not aware of the HMR 7-day access service to a GP or Nurse.</p> <p>Healthwatch Rochdale recommend that all staff are reminded about the HMR 7-day access to a GP or nurse service. This information is to be shared with patients when appropriate.</p>
4	<p>Healthwatch Rochdale recommend that the practice continue to publicise the online booking system to reduce the calls coming into the practice.</p>

5	<p>Healthwatch Rochdale recommend that good practice which was observed on this visit by Enter and View representatives is shared with staff members in the surgery. A example of this was;</p> <ul style="list-style-type: none"> • A Healthwatch representative observed excellent levels of care and dignity, when a patient entered the surgery who had a health condition, and required the use of a wheel chair. The administration staff dealt with the patient excellently and he was very happy with the service he received that day.
